

# Hudnall Park

*"Ofsted views learning outside the classroom as an essential element of a broad and balanced curriculum" (Council for Learning Outside the Classroom)*

Hudnall Park is ideal for residential stays and day visits, providing students with opportunities to engage with the curriculum through practical hands-on learning and discovery.

There are more than 30 different activities on offer, ranging from mountain biking, low ropes, bush craft, zip wire, obstacle course and team building to activities focusing on science, environmental studies, numeracy and art.

## **Hudnall Park aims to:**

- Provide new and exciting experiences that inspire children and young people to reach their true potential, thereby tackling social mobility.
- Increase self-esteem and confidence and improve personal, social and emotional development.
- Re-motivate those who do not thrive in the traditional classroom environment.

**Set in 85 acres of Hertfordshire countryside, the centre can accommodate up to 60 overnight guests and deliver bespoke packages of activities to suit your needs.**

"Amazing place – activities were delivered with a real understanding of different learning styles and strengths. The instructor had really thought about the children's needs and adapted the programme throughout the day to further develop their skills."

"Students became visibly more confident in their independence over the duration of our stay."

## Impact

### Who is benefitting?

Primary, secondary and further education students

### Coverage:

Herts, Beds, Cambs, Bucks, Essex and North London

### Who should purchase this service?

Head teachers, HOYs, class teachers and subject leaders..
